For additional information, or to arrange a personal tour, please contact the admissions coordinator at (419) 447-2723 ext. 3231
Find your Independence at the Neighborhood Assisted Living Residence

The Neighborhood Assisted Living Residence at St. Francis Home preserves independence by combining a warm living environment of private rooms and services tailored to meet each resident’s individual needs. The Neighborhood has 15 private rooms and five two-room suites, all with private restrooms.

Our caring and supportive staff takes a special interest in each resident’s well-being, assisting them when they need help while encouraging them to remain as independent as possible. Whether a friendly reminder to take medications, or assistance with daily activities such as bathing and dressing, our assisted living residents get just the right amount of help to remain independent and live life fully.

The Neighborhood Assisted Living Residence is located on the third floor at St. Francis Home. An elevator is provided for convenience. A cheerful lounge with comfortable furnishings is available for gathering with family and friends.

Because the Neighborhood Assisted Living Residence is a part of the St. Francis Senior Ministries’ continuum of housing and healthcare services, residents have priority admission to St. Francis Home, if the need arises. Our continuum of care services include independent and assisted living, respite care, Alzheimer’s/dementia care, comprehensive rehabilitation services and skilled and intermediate nursing care.

Services Provided

Three levels of care are offered in the Neighborhood. Included in all levels of care are:

- Three meals per day in the main dining room.
- 24-hour RN supervision in-house.
- LPN services 16 hours per day.
- State Tested Nursing Assistant 24 hours per day.
- Medication administration and management.
- Snacks.
- Emergency call system.
- Life enrichment activities.
- Housekeeping, laundry and maintenance services.
- Spiritual care services.
- Assistance with bath/shower.
- Priority admission to St. Francis Home, if the need arises.

The level of care is based on the resident’s needs. An assessment of the resident’s needs is completed on admission and quarterly thereafter or upon a significant change in the resident’s health status.
